

**ORDINANCE FOR SALE OF ALCOHOLIC BEVERAGES**

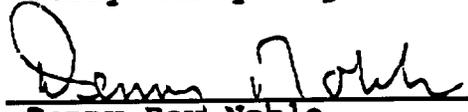

(A) Pursuant to the authority of KRS 244.290 and KRS 244.480, the times and hours during which distilled spirits, wine, and malt beverages may be sold at retail in the county are hereby established to be the hours after 8:00 a.m. and before 1:00 a.m. prevailing time on any day except Sunday, and no distilled spirits, wine or malt beverages shall be sold on Sunday. However, no distilled spirits or wine or malt beverages shall be sold at retail in the county during the hours the polls are open in the county on any election day.

(B) During the hours before 8:00 a.m. and after 1:00 a.m. prevailing time on any day except Sunday, and at any time on any Sunday, and the hours when any polls are open in the county on any election day, no person who has a valid city license for the sale of distilled spirits or wine or malt beverages at retail shall cause, permit, or engage in any of the actions, business, or transactions authorized and permitted thereby. During such times, all persons who have such county licenses shall cause the licensed premises to be closed and vacated by all persons except the applicant and those persons identified on the application for such county licenses or any supplements thereto as officers, agents, or employees of the person to whom such county license was issued. All other persons shall vacate the licensed premises and remove themselves therefrom during such times; however, the drink from the licensee within 30 minutes prior to any such times may remain upon the premises for a period not to exceed 30 minutes thereafter for the sole purpose of the consumption of the drink purchased.

(C) If a separate department of such licensed premises is maintained in a manner previously approved in writing by the County Administrator as being capable of being locked, closed off, and separated from the remainder of the licensed premises and all distilled spirits, wine and malt beverages and all fixtures and apparatus connected with the acts of business and transactions authorized by the state licenses and county licenses for the retail sale of distilled spirits, wine, and malt beverages from such premises are located within such approved department, and such approved department is continuously kept locked, physically separated, and closed off from the remainder of the licensed premises during such times, the remainder of the licensed premises may remain open and any lawful activity may be conducted thereon during such times.
